MAY PRICE INCREASES.

Given the current market conditions we know how important it is that you are provided with advanced notice of any significant price changes. We are therefore advising you of some price increases on products that you have previously purchased.

As always, we are working hard behind the scenes with our suppliers to minimise all increases but we wanted to let you know the current projected increases to allow you to plan accordingly. These are planned to come into effect on May 1st 2022.

Product Category	Price Increase
Blocks	* Varies by branch
Glass wool insulation	14.5%
Flag and kerb	4.25%
Cement	Up to 18%
Roofing	6 - 11.5%
Building Board	5 - 12%
Plaster and Plasterboard	4.7 - 6.5%
Concrete Paving	4.5%

* This increase will vary depending on your location, please speak to your nearest branch for more information.

Please note, the above increases do not apply to all products within the categories and only highlight the most relevant price increases.

Why we're increasing our prices.
These price increases are typically the result of significant cost inflation of logistics, energy, freight and raw material costs. In particular, the cost of high energy prices continues to be the most significant of these pressures with the continual rise fundamentally impacting cost of manufacturing products across the board. As has been the case for many months now, products involving PVC or cement continue to be hit hardest by the increase in price for essential raw materials which again, is impacting the manufacturing costs.
